

Public consultation update

The Sowerby Gateway public consultation, held on Monday 12th and Tuesday 13th of July, was a successful event which was well attended by over 250 members of the local community.

The exhibition encouraged a number of local residents to offer comments and feedback, all of which are now being carefully assessed and considered as part of the next stage of the planning process.

Castlevale remains committed to the creation of a thriving and fully supported extension to Sowerby and Thirsk and recognises the importance of community involvement as part of this process. The development team has already commenced a series of one to one meetings with individuals to discuss specific issues and would still encourage those who have not yet commented on the proposed plans to offer feedback.

All of the proposed plans can be viewed [here](#) and the Castlevale team can be contacted with comments, ideas and feedback at info@sowerbygateway.com.
